EXAMPLE DESIGNATION FSUK EXP B M4= M4 BRASS FLUSH EXPANSION INSERT

FSUK EXPH-B-M4 M4 BRASS HEADED VERSION

FSUK EXPR B M4 M4 REVERSE TYPE EXPANSION INSERT

ONLY AVAILABLE IN BRASS

MOST SIZES AVAILABLE FROM STOCK

Description

The FSUK EXP range is designed around a diamond knurl configuration with a slot which enables the insert to expand when the mating screw is assembled. This insert is designed more for Thermosetting Plastics although can be used in some Thermoplastics.

Available in a headed and reverse head; it is designed with an anti vibration feature to stop the screw working loose after assembly.

Its designed to be pressed in cold into drilled or moulded holes.
